The six dots of the Braille cell are arranged and numbered thus: 1 2 3 4 5 6 The capital sign, dot 6, placed before a letter, makes it a capital. The numeral sign, dots 2, 4, 5, 6, placed before a character, makes it a figure and not a letter. The apostrophe, dot 5, like the other punctuation marks, is formed in the lower part of the cell.
